2017+ Honda CR-V Side Step Installation

COMPONENTS INCLUDED	
(2) Side Steps(Left,Right)	(6) Side step brackets(3 for each side)
(4) End Caps (Already attached)	Hardware Kit

PART #	DESCRIPTION
JSRLP022	2017+ Honda CR-V Side Steps

HARDWARE KIT	
(24) M8 X 1.25 Bolts #JSU003	(12) M8 X 1.25 Nuts #JSU004

TECH NOTES
* TWO PEOPLE WOULD BE BEST FOR THIS BUILDING PROCESS DUE TO THE LENGTH OF THE SIDE STEPS.* DO NOT USE POWER TOOLS.

INSTALLATION

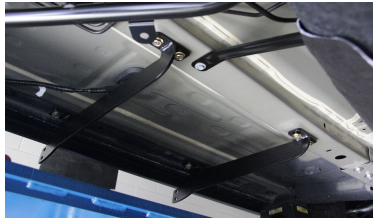

1. Separate all hardware and get ready for install. If anything is missing or damaged please do not proceed & contact us immediately.

3. Remove any covers blocking side step entries.

2. Layout brackets. Each bracket is numbered 1-3. Starting from the front (1) to the rear (3).

4. Loosely attach the brackets underneath the car.

5. Continue to loosely attach side steps with the hardware provided.(ENSURE SIDE STEPS ARE ON THE CORRECT SIDE)

6. Once everything is aligned properly proceed to tighten down the nuts & bolts. Double check both driver & passenger side.
